how and what to teach about religion is controversial in every country the routledge international handbook of religious education is the first book to comprehensively address the range of ways that major countries around the world teach religion in public and private educational institutions it discusses how three models in particular seem to dominate the landscape countries with strong cultural traditions focused on a majority religion tend to adopt an identification model where instruction is provided only in the tenets of the majority religion often to the detriment of other religions and their adherents countries with traditions that differentiate church and state tend to adopt a separation model thus either offering instruction in a wide range of religions or in some cases teaching very little about religion intentionally leaving it to

religious institutions and the home setting to provide religious instruction still other countries attempt managed pluralism in which neither one nor many but rather a limited handful of major religious traditions are taught inevitably there are countries which do not fit any of these dominant models and the range of methods touched upon in this book will surprise even the most enlightened reader religious instruction by educational institutions in 53 countries and regions of the world are explored by experts native to each country these chapters discuss legal parameters in terms of subjective versus objective instruction in religion constitutional statutory social and political contexts to religious approaches distinctions between the kinds of instruction permitted in elementary and secondary schools versus what is allowed in institutions of higher learning regional assessments which provide a welcome overview and comparison this comprehensive and authoritative volume will appeal to educators scholars religious leaders politicians and others interested in how religion and education interface around the world

this book represents a unique contribution to understanding the interactions between law and religion in contemporary brazil it analyzes how the regulation of religions according to the classical notion of secularism has become a source of tensions since the 1990s against this background the respective chapters demonstrate on the basis of various case studies how the constitutional principle of pluralism introduced by the 1988 federal constitution after a military dictatorship has been addressed by new political actors such as religious leaders parliamentarians influencers state representatives and activists in particular the chapters demonstrate how the mobilization of legal language notably the language of human rights has become fundamental to developing and consolidating new political agendas concerning secularism tolerance freedom of expression gender and sexuality family and cultural heritage in the authors approach human rights assume a central role in social disputes as a language in which actors constitute themselves as rights subjects form activist networks and pursue their goals by expressing themselves in public given its focus and scope the book will be of interest to all scholars seeking to understand the relationships between diversity and the regulation of religious practices in plural societies where the classical notion of secularism continues to show its limitations

in recent decades and around the world much attention has been given to the role of spirituality in the education of children and young people while educationalists share many common goals and values in nurturing the spiritual lives of children and young people national and regional cultures religions and politics have impacted on the approaches scholars and practitioners have adopted in their investigations and practices the different contexts across nations and regions mean that educators face quite distinct conditions in which to frame their approaches to spiritual

education and research and the nature and impact of these differences is not yet understood this book brings together thinkers from around the globe and sets them the task of explaining how their research on children's spirituality and education has been shaped by the historical cultural religious and political contexts of the geographic region in which they work the book presents contributions in three sections europe and israel australasia and the americas and concludes with a chapter highlighting what is common and what is contextually unique about global approaches to spirituality and education
