national bestseller from the author of the widely acclaimed the book of ruth comes a harrowing heartbreaking drama about a rural american family and a disastrous event that forever changes their lives it takes a writer of rare power and discipline to carry off an achievement like a map of the world hamilton proves here that she is one of the best newsweek the goodwins howard alice and their little girls emma and claire live on a dairy farm in wisconsin although suspiciously regarded by their

neighbors as that hippie couple because of their well educated urban background howard and alice believe they have found a source of emotional strength in the farm he tending the barn while alice works as a nurse in the local elementary school but their peaceful life is shattered one day when a neighbor s two year old daughter drowns in the goodwins pond while under alice s care tormented by the accident alice descends even further into darkness when she is accused of sexually abusing a student at the elementary school soon alice is arrested incarcerated and as good as convicted in the eyes of a suspicious community as a child alice designed her own map of the world to find her bearings now as an adult she must find her way again through a maze of lies doubt and ill will a vivid human drama of guilt and betrayal a map of the world chronicles the intricate geographies of the human heart and all its mysterious uncharted terrain the result is a piercing drama about family bonds and a disappearing rural american life

journey over all the universe in a map without the expense and fatigue of traveling without suffering the inconveniences of heat cold hunger and thirst miguel de cervantes in don quixote from the earliest of times maps have fired our imaginations and helped us make sense of our world from the global to the very local head of map collections at the british library peter barber has here compiled an historic and lavish atlas charting the progress of civilization as our knowledge of the world expanded simply organized as a progression through time the map book collects some 175 maps that span four millennia from the famed prehistoric bedolina italy incision in rock from around 1500 b c to the most modern digitally enhanced rendering many of the maos are beautiful works of art in their own right from europe to the americas africa to asia north to south there are maps of oceans and continents charted by heroic adventurers sailing into the unknown as accounts spread of new discoveries shadowy continents begin to appear n the margins of the world often labeled unknown lands other maps had a more practical use some demarcated national boundaries or individual plots of land military plans depicted enemy positions propaganda treatises showed one country or faction at an advantage over others so much history resides in each map cultural mythological navigational expressing the unlimited extent of human imagination this is captured in the accompanying texts mini essays by leading map historians that are as vivid and insightful as the maps themselves they make the map book as much a volume to be read as to be visually admired

a beautifully illustrated full color history of mapmaking across centuries a must read for history buffs and armchair travelers theater of the world offers a fascinating history of mapmaking using the visual representation of the world through time to tell a new story about world history and the men who made it thomas reinertsen berg takes us all the way from the mysterious symbols of the stone age to google earth exploring how the ability to envision what the world looked like developed hand in hand with worldwide exploration along the way we meet visionary geographers and heroic explorers along with other unknown heroes of the map making world both ancient and modern and the stunning visual material allows us to witness the extraordinary breadth of this history with our own eyes

jadoon s world maps are the standard and most reliable maps of the world this book of maps is a precious guide for readers of all ages the maps have amazing colors with perfect description it is best to scratch the world hidden details and each map portrays a unique travel story in addition the precise details and digital accuracy provides color matching relief and other attractive features without sacrificing the maps readability it has clearly labeled countries and city names for easy identification of location maps not only have the world locations but it also includes international boundaries different oceans rivers cities and physical features

not sure about all those new geographic borders our wall map changes as the world does and constant updates and reprints assure you the most accurate information available features include a world map centered on africa allowing viewers to see countries complete and intact it s created using a gall stereographic projection which shows countries and continents truer to their relative sizes fresh colors that help combine practicality and fun color matching relief that helps pinpoint mountain ranges without sacrificing the map s readability a variety of size and display options these maps come rolled or folded for easy displaying and in two convenient sizes and a low price point means great value for you and your customers

a new york times bestseller maps allow the armchair traveler to roam the world the diplomat to argue his points the ruler to administer his country the warrior to plan his campaigns and the propagandist to boost his cause rich and beautiful wall street journal throughout history maps have been fundamental in shaping our view of the world and our place in it but far from being purely scientific objects maps of the world are unavoidably ideological and subjective intimately bound up with the systems of power and authority of particular times and places mapmakers do not

simply represent the world they construct it out of the ideas of their age in this scintillating book jerry brotton examines the significance of 12 maps from the almost mystical representations of ancient history to the satellite derived imagery of today he vividly recreates the environments and circumstances in which each of the maps was made showing how each conveys a highly individual view of the world brotton shows how each of his maps both influenced and reflected contemporary events and how by considering it in all its nuances and omissions we can better understand the world that produced it although the way we map our surroundings is more precise than ever before brotton argues that maps today are no more definitive or objective than they have ever been readers of this beautifully illustrated and masterfully argued book will never look at a map in quite the same way again a fascinating and panoramic new history of the cartographer s art the guardian the intellectual background to these images is conveyed with beguiling erudition there is nothing more subversive than a map the spectator a mesmerizing and beautifully illustrated book the telegraph

now also available as a folded map this brightly coloured wall chart has been fully updated and shows the world in political colours at a scale of 1 27 700 000 with clear lettering and symbols for easy reference individual countries are picked out in bright distinctive colours to aid identification with city and town names clearly shown as well as roads railways airports rivers and sea contours smaller scale physical maps of the arctic and antarctica are also included together with a series of smaller thematic maps beneath the main map showing world time zones climate and relief of land plus climate graphs and population and distance charts this wall chart is supplied in two versions a laminated on one side and rolled into a clear plastic tube for use as a wall map and b unlaminated and folded into a shrinkwrapped wraparound card cover it is ideal for mounting on a bedroom wall or in the workplace the clarity of the maps ensures that it is highly accessible for business purposes and general study
