this book argues that issues of sexual diversity are inextricably interwoven into the basic concerns of pre service teacher education how do we make our students aware of assumptions regarding masculinity femininity and sexuality that arise from what is presented represented or omitted from curricula and classroom practice what do we say about homophobia and heterosexism as we anticipate the administrative hierarchies school cultures parent and community politics they will encounter as teachers what special challenges might face a teacher straight or gay who discusses sexual orientation in a high school classroom or responds to a homophobic remark in the hallway or the cafeteria how should we prepare a teacher for a parent conference with two moms or two dads the essays in this volume range from an analysis of gay stereotypes in teacher education textbooks to a discussion of queer multiculturalism to personal accounts by lesbian and gay teacher educators and heterosexual allies who are challenging homophobia and heterosexism in their own classrooms and programs all agree that education for sexual diversity is as important as

education about all other forms of difference and that future teachers need to know how to create safe spaces for lesbian and gay students along with the children of gay families who are increasingly a part of the classroom landscape

ebook life span development

for over thirty years this classic text has offered students a comprehensive overview of the economic aspects of growth and development which is clearly written without sacrificing rigor the focus is on macroeconomic issues with unique chapters on the history of economic thought project appraisal and input output analysis with extensive material on growth theory and the growth process in developing countries mini case examples and numerous statistics support the theory while discussion questions and weblinks encourage student reflection
